

WHO ARE **BONAR** YARNS?

HERITAGE

Bonar Yarns are one of the oldest and largest independent producers of synthetic yarns, founded on over a century of experience and expertise. Bonar Yarns has been manufacturing quality PP backing yarns for Axminster & Wilton woven carpets, since 1970. Making Bonar Yarns the Global Market Leader with a worldwide renowned reputation.

INNOVATION & DEVELOPMENT

We have dedicated research and development facilities to continually develop our durability, dimensional stability and tuft lock characteristics. Our yarns are tested and proven to meet the industry standards for Dtex Shrinkage, Tensile Strength, Tenacity, Fibrillation pattern Spin oil and Twist.

GLOBAL DISTRIBUTION

We are global market leader in supplying the most advanced yarn fibres to the world's carpet producers. As part of The Low and Bonar Group we are able to effectively serve our global customer base from Dundee (Scotland) through strategic distribution hubs, to provide a local and comprehensive service.

Bonar Yarns started weaving production over 100 years ago and today it continues delivering quality PP backing yarns around the world.

**Our processes are
second to none and
every single aspect
of production is
carefully monitored.**
